

## Call for Submissions from North Carolina Playwrights

Forest Moon Theater proudly serves the Wake Forest and surrounding communities. We are seeking submissions for 10 minute scripts for FMT's Winter Holiday, Season, or Family Tradition Virtual Play Series. From the submitted plays, the board of directors will choose 6 to be fully produced by FMT. The submission window is open now until 11:59:59 on October 15th. Shows will be recorded and premiered on December 12, 2020.

### Rules for submission:

1. All scripts must be in line with FMT's mission to provide a multidimensional theater program that entertains, engages, and educates.
2. All scripts must be 10 minutes or less in length with a winter or holiday theme.
3. Plays need to be written specifically to be produced virtually. We will be using the zoom platform to record productions.
4. While mature and sensitive scenes are expected, nudity and excess profanity will be rejected.
5. Playwrights of selected scripts will be required to meet online with their shows director (if not directing) and the show's producer for one production meeting to discuss story, characters, intent, and any other unique information pertinent to FMT's Virtual Play Series.
6. When you submit to FMT you are expressively giving them permission to use your play for that show and that show only.
